### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: in claim 24, line 8, after "passage" insert: -having an end portion with a longitudinal axis and an end surface lying in a plane transverse but not perpendicular to said longitudinal axis of said end portion, said feed passage further- -.

The above amendment merely reinstates the original amendment to claim 24 that was left out in the 6/5/06 copy of claims! Applicant is strongly advised to review the claims to ensure that no other limitations were removed without notice from the claims as this could through a shadow on the issued patent.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Noah Kamen whose telephone number is 571 272 4845. The examiner can normally be reached on M-Th 6:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen Cronin can be reached on 571 272 4536. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
